Plumbing is more than just pipes! It's the sink that you wash your hands in, the bath that you relax in and the fixtures that you just can't live without. The plumbing, water appliances and fixtures in your home should not be overlooked. The specialists at Nigel Qualter Plumbing can deal with any type of plumbing. We can also fit any new home improvements, if you'd like some help. Perhaps you could do with a helping hand to get new bathroom fittings installed or a toilet in place? Maybe you'd like a new kitchen appliance connected by professionals?

Listed below are some of the more common areas we deal with, but do not hesitate to contact us with any plumbing problem.

- Bathroom Installations
- Kitchen Installations
- Burst Pipes
- Immersion Heaters / Cylinders
- Tanks
- Toilets
- Waste Disposal Units
- Blocked Pipes
- Sumps and Sump Pumps
- De-scaling
